

Philips Brilliance
LCD monitor with
PowerSensor

24" (61 cm) P-line

WUXGA

Brilliance

245P2ES

World's first PowerSensor display saves energy

Large eco-friendly Philips Professional 245P2 display with intelligent PowerSensor detects user presence and adjusts power consumption saving up to 80% on energy bills!

Sustainable Eco-friendly solution

- PowerSensor: Ensures lower operating costs by saving energy
- Energy Star for energy efficiency and low power consumption
- Eco-friendly materials that meets international standards
- EPEAT Silver ensures lower impact on environment

Ergonomic design

- 110 mm height adjustment for ideal sitting position
- 90-degree screen rotation and smart cable management
- Tilt and swivel adjustment for the ideal viewing angle

Outstanding display performance

- SmartImage: Optimised user-friendly display experience
- SmartContrast: For incredible rich black details

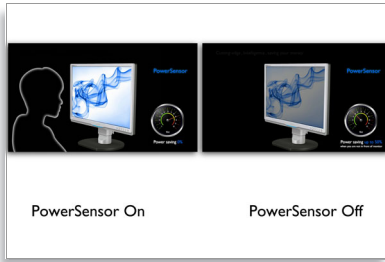

Great convenience

- Built in stereo audio for multimedia experience
- USB port for convenient peripheral connections

PHILIPS
sense and simplicity

Highlights

PowerSensor

PowerSensor is a built-in 'people sensor' that transmits and receives harmless infrared signals to determine if user is present and automatically reduces monitor brightness when user steps away from the desk, cutting energy costs by up to 80 percent and prolonging monitor life.

EPEAT Silver

Philips EPEAT Silver certified monitors ensure protection for human health and the environment, and are highly energy efficient ensuring low emissions of climate changing green house gases. The EPEAT programme helps purchasers evaluate, compare and select Monitors based on 51 environmental criteria supported by the US EPA. EPEAT Silver is valid only where Philips registers the product. Please visit www.epeat.net for registration status in your country.

110 mm height adjustment

The Super Ergo Base is a 'people friendly' Philips monitor base that tilts, swivels, is height adjustable and Pivots to 90 degrees, so each user can position the monitor for maximum viewing comfort and efficiency

ScreenRotate

ScreenRotate makes it possible to use a monitor in either the landscape or portrait mode; to change orientation for a better view of a selected document or image, the monitor is rotated to the desired orientation.

Built-in stereo audio

A pair of high-quality stereo speakers built into a display device. They may be visible front firing, or invisible down firing, top firing, rear firing etc. depending on model and design.

Screen tilt and swivel

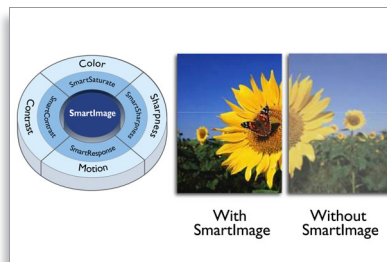

Screen tilt and swivel mechanism built into the base permits the monitor to swivel and tilt backwards or forwards.

SmartContrast

SmartContrast is a Philips technology that analyses the contents you are displaying, automatically adjusting colours and controlling backlight intensity to dynamically enhance contrast for the best digital images and videos or when playing games where dark hues are displayed. When Economy mode is selected, contrast is adjusted and backlighting fine-tuned for just-right display of everyday office applications and lower power consumption.

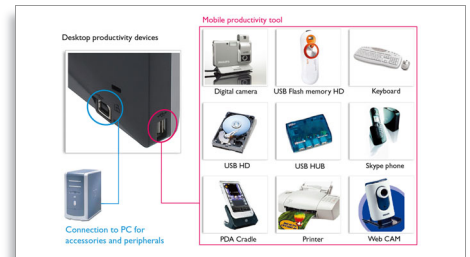

SmartImage

SmartImage is an exclusive leading edge Philips technology that analyses the content displayed on your screen and gives you optimised display performance. This user-friendly interface allows you to select various modes like Office,

Image, Entertainment, Economy etc., to fit the application in use. Based on the selection, SmartImage dynamically optimises the contrast, colour saturation and sharpness of images and videos for ultimate display performance. The Economy mode option offers you major power savings. All in real time with the press of a single button!

USB 2.0 port

The USB port allows the user to conveniently connect their plug and play multimedia devices such as USB memory devices, camera, portable HDD, Web camera, PDA, Printer and many other devices that use USB connection. The conveniently located USB 2.0 port on the monitor allows USB 2.0 signals to pass through to the computer. Note that many devices like cameras and HDD may need to be powered on independently, as they have higher power requirements than the monitor USB port can provide.

Eco-friendly materials

With sustainability as a strategic driver of its business, Philips is committed to using eco-friendly materials across its new product range. Lead-free materials are used across the range. All body plastic parts, metal chassis parts and packing material uses 100% recyclable material. A substantial reduction in mercury content in lamps has been achieved. We strictly adhere to RoHs standards which ensure that all hazardous material is removed. You can read more about sustainability and Philips @ <http://www.asimpleswitch.com/global/>

Specifications

Picture/Display

- LCD panel type: TFT-LCD
- Panel Size: 24 inch / 61 cm
- Aspect ratio: 16:10
- Optimum resolution: 1920 x 1200 @ 60 Hz
- Response time (typical): 5 ms
- Brightness: 300 cd/m²
- SmartContrast: 500,000:1
- Pixel pitch: 0.270 x 0.270 mm
- Viewing angle: 178° (H)/178° (V), @ C/R > 5
- Picture enhancement: SmartImage
- Display colours: 16.7 M
- Scanning Frequency: 24 -94 kHz (H) / 48 -85 Hz (V)
- sRGB

Connectivity

- Signal Input: VGA (Analogue), DVI-D (digital, HDCP)
- USB: USB 2.0 x 1
- Sync Input: Separate Sync, Sync on Green
- Audio In/Out: Stereo Audio, PC audio-in, Earphone out (3.5 mm jack) x 1

Convenience

- Built-in Audio: 1.5 W x 2
- User convenience: SmartImage, PowerSensor, Volume, Brightness, Menu, Power On/Off
- OSD Languages: English, French, German, Spanish, Italian, Russian, Simplified Chinese, Portuguese
- Other convenience: VESA mount (100 x 100 mm), Kensington lock
- Plug and Play Compatibility: DDC/CI, Windows 7/ Vista/XP, Mac OS X, sRGB

Stand

- Height adjustment: 110 mm
- Swivel: -65/65 degree
- Tilt: -5/ +20 degree
- Pivot: Yes (auto pivot)

Power

- ECO mode: 30.7 W
- On mode: 34.8 W (EnergyStar 5.0 test method)
- Standby mode: 0.8 W
- Off mode: 0.5 W
- Power LED indicator: Operation - White, Standby mode - White (flashing)
- Power supply: Built-in, 100-240 VAC, 50/60 Hz

Dimensions

- Product with stand (mm): 559 x 512 x 220 mm
- Product without stand (mm): 559 x 381 x 75 mm
- Packaging in mm (W x H x D): 670 x 270 x 456 mm

Weight

- Product with stand (kg): 7.61 kg
- Product without stand (kg): 5.41 kg
- Product with packaging (kg): 10.30 kg

Operating conditions

- Temperature range (operation): 0°C to 40°C °C
- Temperature range (storage): -20°C to 60°C °C
- Relative humidity: 20–80% %
- MTBF: 50,000 hour(s)

Sustainability

- Environmental and energy: RoHS, EPEAT Silver, EnergyStar 5.0
- Recyclable packaging material: 100 %

Compliance and standards

- Regulatory Approvals: BSMI, CE Mark, FCC, Class B, GOST, SEMKO, TCO 5.0, TUV/GS, TUV Ergo, UL/cUL

Cabinet

- Colour: Silver/Black
- Finish: Texture

Issue date 2010-11-11

Version: 1.0.1
